

Solarize Faith Program

A partnership between **Earthlight Technologies** and the **Interreligious Eco-Justice Network** – bringing clean, affordable solar energy to faith communities.

Why Solar for Your Congregation Members?

Lower Energy Bills

Reduce your member's monthly utility costs and redirect those savings toward your mission.

Care for Creation

Honor your faith's call to stewardship by reducing your carbon footprint and modeling environmental responsibility.

Strengthen Community

Inspire your neighbors and fellow congregants by leading the way on clean energy in your local area.

Up to **\$1,500** in Total Savings

The Solarize Faith Program offers meaningful financial incentives designed specifically for faith-based organizations and their members making the switch to clean energy.

SOLARIZE FAITH

A solar program designed to benefit both your home and your church

860-871-9700

From May 1 through June 30, members of participating faith communities can take advantage of exclusive savings when they go solar with Earthlight Technologies. With this promotion, eligible members can receive:

- **\$1,000 rebate** with a solar purchase or PPA/lease
- **Additional \$500 rebate** when battery storage is purchased or leased
- **Up to \$1,500 total savings**

In addition, Earthlight will donate \$1,000 to the church for each participating member who completes a project.

To help members learn more, Earthlight will host:

- One webinar each month
- In-person presentations at select churches able to host members and other church groups

Important Details:

All rebates and church donations will be paid 4-6 weeks after installation is completed.

Solar PPA: Affordable Financing Options

0% Fixed Rate PPA

Members enjoy a **fixed rate** with no rate increases during the entirety of the program, providing immediate savings and budget certainty. This option optimizes savings on the back half of the agreement. This option requires no initial investment upfront.

2.99% Annual Escalator PPA

After year one, rates increase by only **2.99% annually**, keeping long-term energy costs predictable and manageable. This option optimizes savings earlier in the term. This option requires no initial investment up front

Cash Purchase

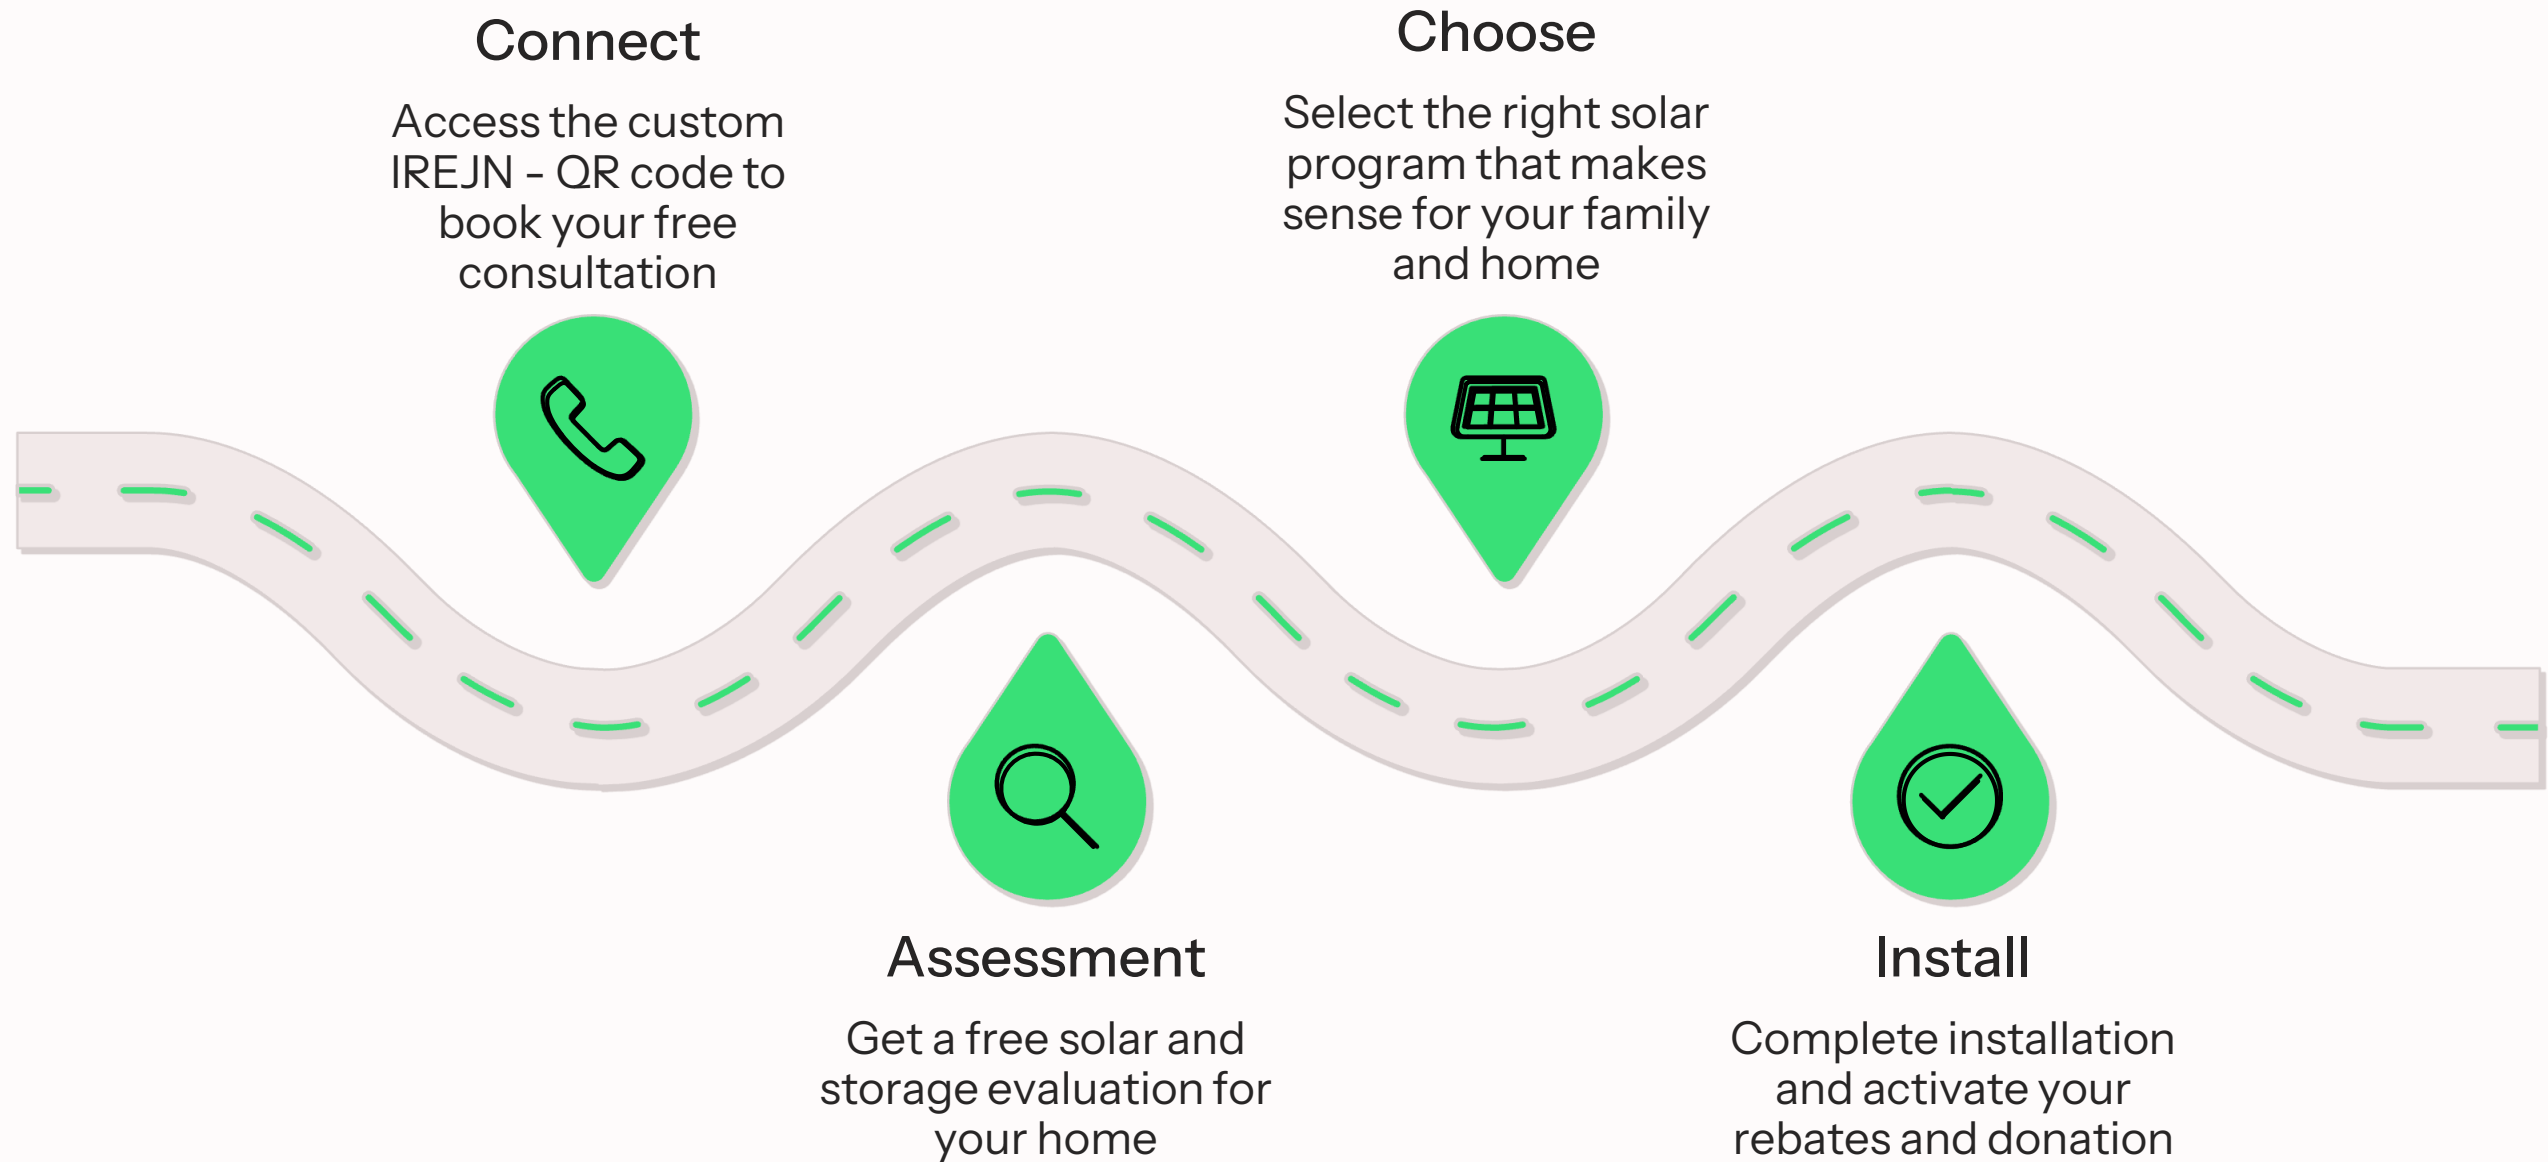

Own your solar system outright with a one-time cash payment, maximizing long-term savings by eliminating financing costs.

Loan Options

Finance your solar system through flexible loan programs with competitive rates, allowing you to transition to clean energy with manageable monthly payments.

How the Program Works

From your first conversation to the moment your panels go live, our team guides you every step of the way — making the process simple, transparent, and community-centered.
